NEWS.

SEEALM HÖG RESTAURANT

This new, rustic restaurant with table service offers indoor seating for around 200 people as well as terrace seating for 250 (approx. 90 under giant umbrellas) right at the Hög reservoir. The bright and friendly restaurant offers views of the lake as a result of its open design and large glass windows. Enjoyment with all your senses is guaranteed! Tel. +43/5476/6203-650

NEW MIDWAY STATION OF THE ALPKOPFBahn CABLE CAR

Back to the slopes after visiting the restaurant or easy access to the restaurants in the Hög area for non-skiers – thanks to the new midway station.

SLOPE ADJUSTMENTS/IMPROVEMENTS

New connecting slope from the Wald downhill to the Hög area. Skiers from the Gampen/Alpkopf area can now easily ski to the restaurants there, such as the new Seealm Hög Restaurant. Ski course participants can reach the Seealm Hög from the Bear's assembly point in only 5 minutes.

NEW SKI DEPOT AT THE FISS VALLEY TERMINAL

The newly designed ski depot is furnished to the latest standards, offering around 4,000 new storage spaces for skis and snowboards as well as for boots, helmets, gloves and poles. Spacious seating areas ensure that you can put on and take off your boots in comfort. Access to the depot and the Schönjochbahn valley terminal is via an underground adventure route from the car park. Escalators and lifts are available in the building.

NEW "ZIRBENABFAHRT" CONNECTING SLOPE

To make the Almbahn cable car more accessible from the Schöngamp, Naggalun, Sport and Genuss downhills, the new "Zirbenabfahrt" connecting slope has been constructed with a snowmaking facility below the Zirbenhütte. The downhill runs on the northern side of Fiss are now optimally connected.

EXTENSION OF THE SNOWMAKING FACILITIES

New high-performance snow machines ensure an optimisation of the snowmaking facilities for guaranteed snow in the entire ski resort.

WALDBAHN TRAIL PARK

The bike park trails at the Waldbahn cable car have been prepared for winter and converted into ski trails. There are several lines available at various levels of difficulty, such as the red Strada del Sole and the blue Morning Glory, as well as the Milky Way.

SKYSWING NEW

The moment that could become addictive: For a fantastic moment when centrifugal force and gravity are suspended, your body feels weightless. The new Skyswing has space for up to 8 people at one time and can be ridden at 3 different levels.

BergDiamant Panoramic Restaurant

Self-service restaurant with lots of glass and wood. Delicious wok dishes. Tel. +43/5476/20131

Möseralm Mountain Restaurant.

Pleasant self-service restaurant with international cuisine. Extensive cakes buffet. Tel. +43/5476/6769

Hexensee Hut.

Highest rustic ski hut in the heart of the Masner area. Self-service. Tel. +43/5476/20071

Schöngampalm.

Small, rustic Alpine hut with table service. Tyrolean specialities. Tel. +43/5476/6396-290

Komperdell Panoramic Restaurant.

Modern self-service restaurant in a market style. Big cakes buffet. Après-ski at the parasol bar. Tel. +43/5476/6203-381

Ski Lounge.

Schönjochbahn	from 8.45 am (descents until 4.30 pm)
Möseralmbahn	from 8.45 am – 4.15 pm (descents until 4.30 pm)
Waldbahn	from 8.45 am
Sattlbahn	until 4.15 pm
Rastbahn, Puinzbahn	until 4.30 pm

Nightflow	
Möseralmbahn	
Sonnenbahn	6.00 pm – 11.00 pm
Fiss tobogganing evening	
Möseralmbahn	6.00 pm – 10.00 pm

The ski slopes are closed each day from 5.00 pm to 8.45 am! You are not permitted to ski or stay on the slopes during these times.

On Wednesdays the pistes may be used by "First Track" participants from 7.30 am.

Exceptions in Serfaus
The Mittel, Süd and Wald downhill runs are closed from 6.00 pm (except on Wednesdays: Mittel downhill and tobogganing run are closed 5.00 pm – 6.00 pm, open from 6.00 pm – 11.30 pm for "Adventure Night").

Exceptions in Fiss
Möseralm downhill run open from 6.00 pm – 11.00 pm for nighttime skiing and from 6.00 pm – 10.00 pm on tobogganing evenings.

Piste maintenance and snow-grooming vehicles with winch cables
We occasionally need to deploy piste maintenance machines on the slopes when they are still being used by skiers. Please ensure you keep a safe distance from such machines in the interests of your own safety. [Please heed acoustic and visual warning signals at all times!](#)

After pistes close at the end of the day [winch cables from piste maintenance devices](#) present a potential hazard. The cable car operators accept no liability for accidents! Please note that in the case of persistent snowfall, groomed slopes may once again become snowed over prior to opening so that they may not always be completely frozen. As a result, moguls and piles of snow may form shortly after the ski slopes are in use.

Closure of pistes and avalanche blasting

For safety reasons, avalanche blasting may take place if large amounts of fresh snow have fallen. Detonations usually take place in the early hours before the start of regular ski operations. If there is a particularly large volume of new snow, avalanche blasting may also have to take place while the slopes are being used by skiers. The affected areas are then closed for skiing! Watch out for information at stations and terminals!

Backcountry skiing

If you intend to go skiing outside the secured area you are advised in the interests of your own safety to find out about the risk of avalanches, any planned avalanche blasting and weather conditions from the cable car operators.

Tobogganing

Please do not use the ski slopes. Use the tobogganing run or the signposted tobogganing slopes.

Skiing accidents

Please report the type and location of the accident to the nearest lift station or terminal, or contact the mountain rescue services directly.

Inspections and fraudulent use

Admission checks are carried out at the cable car valley terminals using automatic scanners. Please follow the instructions of the staff and use the ticket inspection machines properly. On-the-spot inspections take place in the ski area. Therefore, you should always carry your ski pass with you. Any incident of fraudulent use or bypassing of the scanners shall result in immediate confiscation of the ski pass. We reserve the right to report the offence to the police. Anyone caught in the inspection zones without a valid ski pass shall be required to pay a fine set at twice the all-day ticket rate. A receipt showing that the fine has been paid can be used as a ski pass on the same day. Please note that under the Austrian railways liability act, only customers with a valid ski pass are covered for insurance purposes. Do not buy any ski passes from unauthorised vendors – such ski passes may be blocked! Furthermore, you are committing an offence by doing so! Please note that, for verification purposes, photographs are taken at all inspection points in the Serfaus, Fiss, Ladis ski area.

Serfaus piste rescue: +43/5476/6203-319
Fiss piste rescue: +43/5476/6396
European emergency hotline: 112
(also works without network reception)
